Highway Report

Kenney reported that the Community Crossings call for projects will be August 6th.

Approximately 900 ft. of perforated drain tile was installed on Huffman Mill and they've been doing ditch work on 245. They are working on putting some numbers together on Brown and Seiler's roads and found out yesterday that oil prices have gone up again which adds cost to liquid asphalt and aggregate. Good news is a lot of the ditch work they are doing right now is pretty easy, because the culverts are in good shape.

Brown wants traffic counts on some of his roads to help decide on CEDIT roads for next year; former Engineer Tara Lloyd has offered to assist us with this.

Veteran Service Officer – Butch Meredith

Meredith gave an update of services rendered since the last meeting.
