V | OVERVIEW OF TITLE VI PROGRAM

A. Data Collection, Analysis & Reporting

The type of data collected is dependent on the program area's objective. **Spencer County** collects various types of data to ensure compliance with Title VI. Some information is collected for a period of time with the objective of determining what data needs to be collected.

Moving forward, the following are typical data-types that may be collected by **Spencer County**:

- Complaints received, logged, processed and investigated by **Spencer County**
- Environmental Justice analysis and reports
- Limited English Proficiency reports
- Title VI Training
- Public Involvement Survey (**Appendix F**)
- Records of meeting minutes and discussions related to Title VI in all program areas.
- **Spencer County** collects data related to specific program areas being reviewed this year for disparate / disproportionate impacts or other evidence of potential discrimination or discriminatory outcomes.

B. Complaints of Discrimination: Complaint Policy

1. How to File a Complaint?

While a Complainant may preliminarily submit his or her complaint by online form submission, mail, facsimile, or email to the Title VI Coordinator, a signed, original copy of the complaint must be mailed to the Title VI Coordinator **no later than 180 days** from the alleged discriminatory act to officially begin the complaint process. Any person with a disability may request to file his or her complaint using an alternative format. **Spencer County** does not require a Complainant to use the **Spencer County** complaint form when submitting his or her complaint.

Direct all complaints of discrimination pursuant to Title VI to:

Phil Brown, Title VI / ADA Coordinator
Jennifer Adams, Title VI / ADA Co-Coordinator
200 Main Street, Rm 6
Rockport, IN 47635
Ph: (812) 649-4376
Fax (812) 649-6347
E-mail: SpencerADA@psci.net

2. Elements of a Complete Complaint

A complaint must be both written and signed to be complete. Verbal complaints must be reduced to writing and provided to the Complainant for confirmation, review, and signature before processing. The complaint form is available for download from the **Spencer County** website at: <http://spencercounty.in.gov/pages.cfm?DepartmentID=669>

Additionally, a complaint must include the following information:

- The full name and address of the Complainant;
- The full name and address of the Respondent, the individual, agency, department or program that allegedly discriminated against Complainant; and
- A description of the alleged discriminatory act(s) that violated Title VI (i.e., an act of intentional discrimination or one that has the effect of discriminating on the basis of race, color, national origin, sex, gender, age or disability) and the date of occurrence.

3. Processing Complaints

The Title VI Coordinator will process all complaints, as located in the Complaint Policy in **Appendix E**. The Title VI Coordinator is responsible for:

- Within thirty (30) calendar days after receipt of the completed complaint, the Title VI Coordinator will review the complaint and will arrange to speak or meet with the complainant to discuss the complaint and the possible resolutions if applicable. Additionally, a copy of the complaint will be forwarded to the County Attorney.
- If **Spencer County** does not have sufficient jurisdiction to investigate the complaint, the Title VI Coordinator will refer the complaint to the appropriate local, state, or federal agency holding jurisdiction. In such cases, the Title VI Coordinator will notify the complainant in writing that the complaint is outside the County's jurisdiction and where the complaint has been referred for further handling.
- If **Spencer County** does have sufficient jurisdiction over the complaint, the Title VI Coordinator or their designee will conduct a complete and thorough investigation. The party alleged to have acted in a discriminatory manner will be notified by certified mail as of the complaint. This letter will also include the investigator's name and will request that this party be available for an interview.
- Upon completion of the investigation, the Title VI Coordinator will notify all parties associated with the complaint of the outcome of the investigation by certified mail or hand delivery. The final written response will include a description of the complaint, a summary of the investigation and the findings of such, summaries of all individuals interviewed, and if appropriate, recommendations and resolutions.
- If the complainant is not satisfied with the results of the investigation of the alleged discriminatory practice(s), she/he shall be advised of their right to appeal the County's decision. **Appeals must be filed within 180 days after the County's final resolution.** Unless new facts not previously considered come to light, reconsideration of the County's determination will not be available.
- All written complaints, investigations and responses will be retained for at least three (3) years in the county's annual report.
- If a complainant is dissatisfied with the final resolution of the complaint, he or she has the right to contact the Department of Justice, Civil Rights Division, at (888) 736-5551.

C. Environmental Justice Analysis & Reports

In accordance with Title VI of the Civil Rights Act of 1964, each Federal agency shall ensure that all programs or activities receiving Federal financial assistance that affect human health or the environment do not directly, or through other arrangements, use criteria, methods, or practices that discriminate on the basis of race, color, or national origin. Part of Title VI reads, "No person in the United States shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance."

The three fundamental environmental justice (EJ) principles are:

- To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations;
- To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process; and
- To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority populations and low-income populations.

Spencer County observes these three environmental justice principles in all work that the County performs.

D. Limited English Proficiency (LEP) Policy

On August 11, 2000, the President signed an executive order, Executive Order 13166: Improving Access to Service for Persons with Limited English Proficiency (LEP), to clarify Title VI of the Civil Rights Act of 1964. It has, as its purpose, to ensure meaningful access to programs and services to otherwise eligible persons who are not proficient in the English language. In addition, The US Department of Transportation published Policy Guidance Concerning Recipients' responsibilities to Limited English Proficient Person in the December 14, 2005 Federal Register. This guidance outlines the following four factors that the County uses to access the LEP populations in **Spencer County**.

1. The number and proportion of LEP persons eligible to be served or likely to be encountered by the County.
2. The frequency with which LEP individuals come into contact with the program, activity or service.
3. The nature and importance of the program, activity, or service provided by the program.
4. The resources available to the County and costs.

Additionally, Spencer County has not implemented the safe harbor provision whereby it identifies and translate all vital documents into any language where the 5% threshold is met whereby 5% or more of the population in the county both:

- Does not speak English very well AND
- Primarily speaks another specific language as identified in current census data or other publically available records.

The US Census Bureau 2006-2010 American Community Survey 5-Year Estimates, located under **Selected Social Characteristics**

http://factfinder.census.gov/faces/tableservices/jsf/pages/productview.xhtml?pid=ACS_11_5YR_DP02&prodType=table estimates the number of people in **Spencer County** who speak a language other than English to be **648** with those speaking English less than “very well” estimated at **1.8%** or approximately **357** individuals who may be considered limited in English proficiency. The margin of error is **+/-92** so the actual number may fluctuate from **449** to **265** individuals.

According to the census numbers above there may be up to **449** individuals who live in the **Spencer County** that may be considered as LEP. Based on actual contact between County Staff and the community there have been very few requests from anyone in the service area asking the County to provide language translation services. Therefore, the LEP population is probably even less than the estimate shown above.

Factor 2: The frequency with which LEP individuals come into contact with the program, activity or service:

Due to the infrequent requests for translation services, there appears to be a minimal need for translation services from the County. This may be attributed to the high percentage of younger people (**22.9%** for ages up to 17) who are available as family members for translation services.

Factor 3: The nature and importance of the program, activity, or service provided by the program:

If at any time a LEP individual requests translation services that are considered important such that denial or delay of access or services or information could have serious impacts, the County will provide, upon request, services to assist the LEP population including translation of vital County documents and interpretation.

Factor 4: The resources available to the County and costs:

There are various sites that offer translation and interpretation services, such as <https://www.atanet.org/>, for **Spencer County** will utilize.

2. Summary of LEP Accommodation Plan

- **Spencer County** strives to serve its population to the best of its ability and will provide upon request, services to assist the LEP population including translation of vital documents and interpretation services deemed necessary to provide meaningful access to County services.
- A US Census Bureau iSpeak card is available as part of this document. This card allows LEP individuals to communicate their preferred language to County Staff whereas County Staff may then access a translation service, as determined by the County.
- **Spencer County** intends to utilize a voluntary public involvement survey to collect information regarding persons affected by proposed projects. The survey permits respondents to remain anonymous, while voluntarily answering questions regarding their gender, ethnicity, race, age, sex, disability status, and household income. Once the survey data has been collected, it will be reviewed and then the survey will be placed in a file for future reference. In the case where enough surveys are collected over time to show a significant increase in LEP populations, the County may consider changes to their LEP policy. Completed surveys shall be retained for a period of three years from the date of the meeting and/or completion of the related project, if applicable.

SPENCER COUNTY TITLE VI IMPLEMENTATION PLAN 2016

- The County reviews written Title VI complaints and ensures every effort is made to resolve complaints informally at the local or regional level and review and update the County's Title VI plan and procedures as required.
- Staff for the County will be provided training on the requirements for providing meaningful access to services for LEP persons and new employees will receive the same training.

E. Nondiscrimination & accessibility training

1. Employer/Employee Dissemination & Training

At the time of Hire (and annually to all employees if applicable): Title VI policy education and literature will be provided to all **Spencer County** employees. **Spencer County** employees will be required to sign an acknowledgement of receipt (**Appendix H**) indicating they have received and reviewed Title VI policy guidelines. New employees will be provided with education and literature at new employee orientation. Employees will be provided with updated education and literature as **Spencer County** deems necessary.

Ongoing Training provided to current employees: Current employees will receive training as new education and materials are available. Training may consist of webinars, videos, and educational documents as they become available.

Examples of training may include: **Understanding and Abiding by the Title VI of the Civil Rights Act** <https://www.youtube.com/watch?v=lw0mefqIZ5Y>

Employees will be expected to follow the Title VI policy and the guidelines set forth. In addition, **Spencer County** employees shall make every effort to alleviate any barriers to service or public use that would restrict public access or usage, take prompt and reasonable action to avoid or minimize discrimination incidences and immediately notify the Title VI Coordinator, in writing, of any questions, complaints or allegations of discrimination.

F. Public Involvement

1. Data Collection

Pursuant to 23 CFR 200.9(b) (4), **Spencer County** shall collect and analyze statistical information regarding demographics to assist in monitoring and ensuring nondiscrimination in all of its programs and activities.

Spencer County shall utilize a voluntary Title VI public involvement survey that will be made available at all public hearings and meetings. The survey will allow respondents to remain anonymous. The survey will ask questions regarding the respondent's gender, ethnicity, race, age, income and if they are disabled. The facilitator of the public hearings and meetings will make an announcement at the beginning of the meeting informing attendees of the survey and its purpose and a request will be made for the attendees to complete the voluntary survey. Completed surveys will be retained by the Title VI Coordinator for three (3) years.

The Title VI Coordinator will also collect and report statistical data for the past three (3) years as it relates to the number of federally funded projects, complaints filed and the results of those complaints, any requests for language services, demographic statistics and department compliance reviews.

2. Community Involvement & Outreach

Spencer County is committed to ensuring that community involvement and outreach is done in a respectful and appropriate manner that will allow for diverse involvement. Public meetings, programs and activities will provide equitable opportunities for participation.

Spencer County hosts meetings that are open to the public. Any meetings that are open to the public are published on **Spencer County** website's main page. All **Spencer County** public meetings are held in locations accessible to individuals with disabilities. Upon request, translators can be provided free of charge to those individuals with limited English proficiency. Auxiliary aids are also available upon request. **Requests must be made as soon as possible, but no later than 3 business days before the scheduled event.**

Also published on the **Spencer County** website are various meeting agenda's, meeting minutes, notices, events and news. Some departments within **Spencer County** utilize signage, media and social media websites as another avenue to communicate with the community.

G. Review Of Program Area

This section outlines annual goals set forth by **Spencer County** to comply with Title VI requirements and statutes. This list will be monitored for updates and additions.
