

Drainage Board
September 4, 2007 – 11:30 am

Meeting called to order by President Logsdon. Members Logsdon, Rininger, Gogel, Surveyor Sublett and Attorney Robinson were present.

Minutes

August 6, 2007. Gogel made a motion to approve. Rininger seconded. All in favor.

Drainage Task Force Update

Logsdon stated that August 3rd was the last Drainage Task Force Meeting and he presented the board with an update of their activities. Members of the task force were nominated and Robinson was asked what legal requirements they would need to meet. The task force gives advice only and has no authority to make drainage decisions for the county. Robinson will research.

Logsdon also asked Robinson if the drainage board can set dead lines for the surveyor to meet. Robinson stated that the portions of the surveyor's duties that have to do with drainage are under the supervision of the drainage board. Logsdon stated Sublett will meet with contractors interested in cleaning the first phase of Tower Drain. Bids will be opened on September 18th. Logsdon described the drainage plan for October and November.

Logsdon stated that all land owners will be contacted face to face to inform them of the work to be done. Robinson stated that either a temporary easement or a license would need to be obtained from the land owners. A license would give permission to go on to the land to do specific things. The license could be canceled by either party with a specified notice. Logsdon directed Robinson to draft the license using GPS coordinates and a list of bullet points to help explain the license to the land owners.

Sublett stated that some of the members of the task force will be watching the Strobel property to see if the proposed drainage work will help the flooding.

Robinson suggested that a letter be drafted with the memo from Tammy White attached and it be included in the minutes, so there will be an official record of what she said.

Gogel made a motion to adjourn. Rininger seconded. All in favor. The meeting was adjourned at 12:08 pm.

Drainage Board,

President

Attest:

Cindy Shelton, Auditor
